Dear Brother:

Having a few moments to spend, I thought I would improve it in writing to you. We are all well at present, and I hope ^{you} are all enjoying the same blessing. I have neglected to write untill now, but I hope you will forgive me for not writing to you before now. Nancy and I returned home from Boston Aug the 11th, and we found our friends, all well. They were glad to see us and would have been more so could they have seen you, for it has been a long time since we saw you, but we hope to see you again soon, for we have been expecting a visit from you for a long time, but have been disappointed as yet. But we hope to see you again, and I hope you will not disappoint us. We havent had any snow yet, and to day its very pleasant. Father and Mother have gone to meeting to day but I thought I would stay at home and write to you. Parents Brothers and Sisters, all send their love to you, and you must write soon for we want to hear from you very much and we shall be very impatient til we hear from you. Remember me to your wife.
From your Sister Lois Richards
