Dear Sir I have some small amount due me from several persons in the vicinity of your neighborhood by way of 400 lbs of hand-accounts &c - which I have taken the liberty to draw close to your bar collector ^{if you} will see me the far more and take a little trouble to see the books and collect what you see I shall satisfy out of the amount realized I do expect to learn some wh in the month of January last but my business was such that I could not leave I think I shall be there in the month of April next and shall want all that I can get where it is due my - those several amounts are mostly payable in grain - at the present cash price; now I don't wish to put them down to the lowest mark. Neither do I wish to give the highest price but are willing to give what you may think right the grain was to be delivered at the place as well to which it is to be delivered at the place. The best as I think of getting them ground into meal I have that they all satisfy with Mr. Beckett of J. Chambers & Co. Mr. Martin Henry is due a small amount which was to be paid in wheat but you can take that in part of it but it will be well to pay the amount in money. But if it was convenient for you to pay it and you could lend it to me by some paper arrangement should like to have it off by some paper the care of Mr. Chestnut Frederickson

Have not heard from you or any of your friends since I came
to the continent with the Exhibition of which I have just returned from
Charles W. Johnson we all feel anxious to hear from you and
the rest of our friends there - we hope that you all are en-
joying good health - we have all of us enjoyed good health
since we left there and still continue in good health
I have nothing particular to state at present times business
very bad with many and thousands of all kinds. Still
my family all join with me in our best wishes to you and
all our friends at the continent -

Yours more I remain

Yours affectionately Daniel Johnson
