Dear Sir

Enclosed is Security two (\$72)
along — we learn of no chance to
send your goods, if there is no
opportunity to send before you must
take what tele articles you can when
you take up your horses — boating
is so high that we do not think
it advisable to undertake to get
up much by water —
When you come
down call & see Mr. Wain's how
we regard to taking goods from here
& horses to your place, we understand
that there has been a second or
Palmer River. don't know the particulars

Acknowledged not
of Money

P. S.

We can let you have the horse
Wright has with him for your own
use if you want — we can't
accommodate Michael & with the more
would like to if we could S. B. P.
