Friend Richard

Here are some ballots for you to use in Van Buren. Get as many of them through as possible. We get conflicting reports from Penn. But we consider it safe for Fremont, as also, Indiana & Penn. Many of the Germans did not vote and thus voted with the Demis who will vote for Fremont while the quakers also never take any interest in these state elections, have avowed their intention to vote for Fremont. The Whigian claim 5000 Maj. this in a vote of 400,000 you see is but a drop in the bucket. I think Fremont's chance is over the best.

Yours in haste
