

Dear Sir  
Wm. L. G. B. B. B.

Agreeably to engagement I  
open a correspondence which will not I trust  
immediately close. Since my arrival here  
I have received many interesting and political  
letters. I have not time to do so thoroughly  
as I would like, but I will be at the present  
election. There is not a voter in the State  
but what the leaders of the political parties  
know the name of and for whom he will  
vote. What the result will be time  
will tell, but I assure you what may  
be over the next time, there will be a  
great and some frequent with success.

I get into legal matters all over my health  
has been exceedingly good, and in reply to the  
I hope to hear of your entire recovery and the  
good health of your family. With regard  
to your plantation affairs and tax matters  
I have examined and found to be all correct.  
When you are fortunate enough to collect any  
money you may send it by mail.

I wish you would let John Farrell  
know that I don't not forgetter about  
the book I was to send him but have not  
sent it for the reason that it comes high  
and it would make it still higher to mail  
but if he request it he will please let me  
know. please write me the receipt of this and if  
any way I can serve you you will favor me  
by commanding.

Yours very respectfully & truly

Richard and all enquiring friends

Truly Yours Michael Carroll
