

Monday Morning Sept 11th
Nancy is at home this morning
She says she wants to hear from
you, tell her your prospects in life,
tell her of your health, your family,
your farm, your buildings, your
intentions as to ever coming ~~there~~
this way, tell all that is necessary,
or tell her all you can, and as
much as will be pleasing.

Little Frances has just left
the house, has gone to work for
Mary — wish you could see
her — Ruth lives in Rockland
Spore thinks to have home there.

I know nothing about Joel &
Phebe of late

Write as soon and as often as
you can — this day you will be warm
on Po-lit-ics
yours N. H. Richards
