Hot Kent Sept^r 1, 1859

Dear Sir

Should I not go down to
the Convention, will you see some of
the Acrostek folks about votes, when I
was down I forgot to speak about it—
Arrangements should be made in
every Plantation to have some
one or more sentinal on the "watch
tower", to distribute votes & to do all
other things necessary to the further-
ance of our cause— I see by
my papers that the "sham democracy"
are secretly at work with the ex-
pectation of carrying the State
by surprise— I may come down
with if I can— make as judicious
a nomination as circumstances will
allow— Some of our friends should
see Mr. McQuirk the Priest with
regard to our Election—
write me the next mail—

Mr. Richards

Very Truly
D. Page
