Dear Brother Richards

I intended to write to
you long ago to thank you for your
kindness in writing to Mr. Pike. I
hope it may do some good - I hope
you were not provoked with me for
what I said in respect to some certain
politicians - but that was as they ap-
peared to me - sometimes I think they
wrong you by keeping you at work
for others and never doing anything
for you - I am sick or I would
write more - I try to make a living
but do not have very good success.

Yours affectionate Sister
Agnes
