Dear Brothers and Sisters,
I have never had the privilege of seeing
either of you, nor my little cousins, but should be
happy to, hope I may, some future day,
I send my love to brother, sister, and
little cousins, hope this may find you all
in good health. How pleased I should be
to see little Mary and little Caroline, but
I shall have to be content, hope I shall be
remembered by you all, so no more at
present, I remain your Sister, and Cousin,
