My Dear Son

Your neglecting to write us, has caused us to think you have forgotten us, so we fear these few lines hoping they may serve to jog the memory. We sent you a bundle of papers last evening, a letter Shelburne 3^d, and another letter March 19th. We send this, merely to ask if you ever received any of the above. If you did not, we shall be quite sorry. We have no need to write, your Mother & Mother-in-law got to be quite old and feeble, our youngest child is at home with us, and she only. We have had a very remarkable month for March, we never saw its equal.

The first part of winter was quite severe, it has lain for an early spring. Now we should have a cold April weather, if you should write to any of us again, and have any news of any importance, please send it along, for it will be very acceptable. Ruth, Sheldah and Josannah are all in good health.

When you write please direct to Schemiah Richards

Please tell me how often, and when, you have a mail, day from Bangor. What day in the week, must a letter leave Bangor, for you to get it, the same week, — Please notice this, and give an answer.

Yours, in much affection,
Schemiah Richards
