

July 8th 1864

Did you not signify when
Furson was called upon
over the County? He cannot
be corrupted. The County has
confidence in him.

By the new Tariff tax is 25 cts.
per day with 10 per cent on the
invoice value. Duties 8 cts.

per gallon. Tell Sam as before.

I suppose you will be done
with the County Convention at P.

Osh.

Richard seems like a hard
nut to crack.

The drinking of the Mulberry,
by the Mandage, is very enough
for me now.

We are having a little interest as to
who shall be our Candidate for Cong.
It will be P. M.

Yours truly
W. M. W.

Expos. July 8, 1864
A. S. Richards Esq
Dear Sir

15th. Dec.

Yours of June

I shall not cancel any more certificates of liquor unless they produce the evidence of the law in your office which is the Ward Officer or Collector's Certificate from the place of exportation.

I was the Editor of St. John the other day & he thinks some grounds are being committed under the license that now exists. That case got my attention & I would be glad for you to tell all them who are buying liquor & bringing them through the Office of what the law requires.
