[Faint, mostly illegible handwritten text, possibly bleed-through from the reverse side of the page. The text is arranged in several vertical columns.]

Washington, Aug. 31. 1866.

Mr McKim's
Dear Sir,

I enclose Mr. McKim's Mini
Heur & son's note on Decapoda.

I am extremely happy to hear you have
been much wiser the specific characters
and have principles that are rigorous to the
country in which I live for the purpose
of office,

Will you be able to hear of a man
who has been or has an anatomical
I have had a number of it but my friend is
strong in the lyric people they never put
this matter right. Every thing looks more
in the great world, and it is very true
firms can be found in Paris, but I do not know
the in the case,

I hope your voice will be very loud
in the death region in which you live,

If you can show us strong origins in any
how the upper world, Phyllos hand and in
Europe on finding 15 genera extending in
the States when electricity was first here.

I hope you will be very kind to
for the Clemens, and they can be
in some extent the same. I hope to
win a party in the States place

Very
gratefully
