To receive for page "Secret account" - for  
him evidence for "have always" the other has  
with Richards; but as this is the only case  
of any trouble with my testimony, perhaps I  
ought to call myself lucky -

I have been this particular on arrows & impud-  
sions may be indicated -  
The note I rec'd from her brother "also in store,  
I want you to tender the "green" back" as by this time  
she may put in another claim.

Wish now Richards if you have any bond of  
confidence you should do this soon for their  
and will be bound "I will not trouble you  
or your concerning this" girl she is a perfect  
wonder - it would be a valuable acquisition to  
Ramon's connection -

Regards to your family  
I am very truly  
Richards's -

Sta F. Frank Oct. 12. 1866

Friend William

I enclosed you with Francis  
two receipts, which I want you to have

Sophia Sampson signed for the money  
thru's 20 she has on the \$45 receipt. Having  
paid her 25 \$ and when she returns the receipts  
when she comes, I will send you the money.  
I have a 50 \$ bill, it's not convenient for  
me to get it changed this morning, but  
I will send it by the next mail.

Yours money matter of my saying, to you  
that I made an effort to pay this part when  
I was down last I showed her the 20 \$ check but  
but she refused to sign the receipt saying, I want  
him 2 \$ for services in 1864, not wishing to give  
out with her's total but I would pay it & would  
get a bill changed at your place for that  
sum for, & you may remember of changing the  
bill for me. I called her banking place on my  
return, & was told she had gone out to one of the  
Miss Kline's, I called there, but she was not to be found  
So I concluded I would wait till she was ready
