

October 1886

Mr. Pickwick—

I return yours per audit— your most respectful  
a writer please you will see where we say wanted just  
return my return— I and Mr. Brown were & a number  
bills of our money— who in audit for thing shown deductives  
signed these books— earnings & business that were entered  
at your place or at least 5 of them & have returned them  
over to me— I still want to show for sale this week— good  
may be entered so low that short of it will not protect them  
before require— I presume the duties that the old man  
paid want in matter it should be paid back to him— It  
is hard for him to lose his property & duties— but I  
in new business— the way in— but that he did not enter  
it— I see by your notice— these deductives will certainly  
trouble your folks at home— Brown will be their worst  
good— They will be obliged to show where all of their goods come  
from if any of them are dutiable they must show that they  
have been entered in all well be lost— I hope things you  
will see that all is entered & right— I am left here & understand  
nothing for export— I am that all of the audit was signed for  
returned— the fact

Yours Truly  
J. P. Brown
