

Bouquet Isle May 4 1867

Mr. Richards Esq

Dear Sir

Yours of May 1 is at hand, by the
return of your note you had a
read over me but I have manifestly
may kill for Steampage which I shall
forward to the Land Office in a few days
I would desire inquiries of you about
John Stewards lumber you told me
it was but on the lot that he had
paid for and you knew it to be so
as you had every reason to believe it
to be so, you are the first and only man
that has interfered with others among
Steampage, if I had made your bill of
Steampage too high it would be different
if you have trouble with Mr W. E. H.
don't make me the victim

Respectfully yours

John S. Esq
