Good how Sunday Ev

Dear Brother

Did you get home all right that day with your horse? And did they get the package I sent the same morning by stage?

Have you sold any of your horses? Ed Webb told me yesterday that he was going up the first of the week, said he would drop you a card before he went. I told Mr. Gettine here about your horses, he buys for outside market said he was going up that way soon, and would see you. I have ordered a carriage, and when I hear

from it if you can send  
me @ horse <sup>and you harness</sup>  
I will see how many I can  
see for you down here. If  
you have soed the blacks, send  
some other good looking one, and  
I will see how much I can  
make on him for you, I guess  
the man did not see his  
open for he has not been down  
since you were here. Gray is going  
to pay me his interest money  
fifty dollars this week he says  
and Mr Busch told me last  
night he would give me @ check  
the first of this week, I will have  
to pay for my carriage which  
I think want be over \$75 and  
the rest I will send to you  
to use, I will try and make  
you up @ hundred if I can,  
how are you getting along family?

hope you will have good  
luck putting in the crop.  
Tend out on the lambs well  
so as not loose to many.  
I see Mother I will write to  
her in @ day or two. I have  
been so busy have not had  
@ chance yet. I see the girls  
bottle to write, and would  
like to know how Annie is  
going to succeed with her  
school at Blaine.  
Hope this will find you  
all well at home  
with love from both  
Brother Washie
