Coulton Sunday Sept 20th 80

Dear Brother

I had to come
up and feed my kittens
this morning, and before
going back to the house
will just write a line
at 10

We have had a heavy
snow this week, so travel
has been very light. We have
been packing summer goods
and cleaning the store, getting
ready for new goods.

Mr. J.
is in Boston next a day
last Tuesday he is going
to New York & perhaps

9/20/80

2/2

out West before he returns.
I shall have to work a
little harder while he
is gone.

He sent Phil ⁱⁿ
a hat last night by mail
the latest style out. I wish
you could see them, the
hardest looking hats you
ever saw?

How have you
getting along? Got them
potatoes most dug.

They
sold as high as 1.10 per bushel
here yesterday. I thought I
don't think they are
going to be very high -
unless quite late in the season.

Mr. Watson have got their
starch factory about complete
but have not got any

Potatoes yet, as they
did not contract for
any in the Spring.

When
does Aggie leave the State
and go to Bangor? That is
the latest thing out here
if anyone speaks of going
away here. Some of the
Boys will ask them if
they are going to leave the
State and go Bangor.

Pa has not been very well,
is he getting better? My health
is first rate this fall so far -
but I get cold very easy.

Will Alie & I will write
to her next. You must all
write often as you can.

Love to all

Your Brother
Geo. Richards
