Went to Friday Ev

Dear Brother

Yours just recd
Don't hardly know what to
say in regards to your
sharing with Gran. It seems
as if she ought to give you
\$240. for the year. You would
be work that on the farm
and besides so much care
off of Father. It must be
hard for him to look
after everything. He is
getting old ^{and} completely
worn out. I think you
would earn enough more
in the end, for things
go to rack so fast, when

there is no one to look after them. At present I do not know of anything you could get. to do here. there is not but two of us in the store besides Mr. F. but while he pays both of us pretty good wages and had to hire the third one. he thinks he ought to hire some one very cheap that wants to come in and learn the business and am not sure that he will get any one unless he is out this summer. The young fellow that works he is a pretty good fellow. is a son of Geo. Smith that used to be at Van Buren's & all the pay he gets is \$25. per month and

boards him self. Though if he stays here he will belikely to get pretty good wages another year. I donot know as I told you what I got this year but it is \$600.00 please dont mention it.

If you fine try and work by the month, and if I see an opening at any time will secure it for you. I have about 2000 but aside from that am well and working hard. I understand that Cassius has gone to Texas. find out some time & when you write give me his address. Hoping that you will have satisfactory if you work. O Yours & Sister George

You give to Dad 2000 of 2500 of the rest
