Dear Father
I wrote to you
that I would take that
place pay the balance &
keep it unless could get
what it was worth, since
then I think I have
found a customer, he will
be here to look it over
in a day or two, I have
fixed the price if he
concludes to take it
I gave him to understand
that it was mine, & I have
made the price big enough
Now if you will just show
him our id. & about where
the line runs, and leave
the rest to me, I will sell

it all right I told him
there was another man
to see if he wants it so it was
is He came down by it
looked it over and he'd been
here to buy, but this gentle
man wants it pretty bad
it is Mr Gibbens the pretty
man, so just show him
around, and don't fix
talk any more leave that
to me, and I will fix
it.

Getting late will close
Your Son
