

am afraid my costing days are over  
tell Allie to make the best of them while  
she can and not grow old too fast.

It is a beautiful day quite  
comfortable but has been very cold. I did  
not know what cold weather was until I

of nonsense we are both happy and prosperous  
have also been blessed with good health for  
which we should be thankful. colder of course  
an exception, was sorry to hear of Marys  
poor health so they are going west in the Spring  
possibly the change of air may do her good.  
wish we were going with them but there is no  
prospect until the year 1888 is up we may then  
make a change.

Scrutton is quite lively this  
season as regards both business and amusements  
will not mention the former as I am tired  
of the very name, but will speak of one or two  
of our principal pleasures, dancing of course  
takes the lead it has been carried on to excess this  
winter which is both injurious to health and  
pocket-book have been occasionally and both  
enjoy dancing also have social gatherings  
once a week with supper, dancing, cards &c.  
this is for benefit of Unitarian Church
