money to use now for he had
ordered one hundred dollars
worth of paints & oils a few
days before we bot the land
and will have to pay as soon
as they come which will be in a
few days -- and cant buy lumber
here on credit -- and we will
have to build something right

and will pay what interest you ask - and give you good security on my land, as it is mine for it is deeded to me -

We hate to ask strangers to help us - for we are afraid of these land sharks - and you would be perfectly safe - for the land will be worth twice what we paid for it - and perhaps more in 6 months - we only want to build a little Ell this year about 16 x 20 ft. one story - shall have to dig a well - build shed for cow, pig, hens - and buy a stove - Les expects to well here another spring & summer - and this winter will have lots of carriage work for he is the only carriage painter here - we came too late this summer - for the other painters got ahead of him -

Please tell Aggie to get that 6.00 from Mrs. Collins for me as I need it very much - and I heard she is going away - Love to all - It is in a hurry - so must stop
