So cash in about 10 days or I
could send you a check for \$100,
or so when the car arrives and
balance when unloaded just
as you prefer, in regard to
Butter dont think I can handle
any more this month as I am
quite busy just at present & cannot
spare the time to handle it as it
requires more time to dispose of
it than it does Potatoes, I cant
say at this writing what I can
pay for Hay if you can find out
the freight on Hay to Boston I
can tell you what I can pay.
if you conclude to send a car of
Potatoes let me know at once.
ship via Lowell & take copy of way
bill giving price & full particulars
