Dear Friend

I am at home
now arrived safe on the day
that I started. I took them
quite by surprise. They had
no idea of seeing me for some
time which made it all the
better for me.

It is pleasant weather
here this morning snowed some
yesterday. Times are very
dull. There is nothing going on
here to make any money at

I have set on an outfit going
to try the canvassing business.
If you can get me that place
in Haulton I should be much
obliged to you. I would take
that at very small wages

Mr Murray Jones

For a while.

My folk would much rather
I would get a place in a store
than go at the other work.

The work on a farm is too
hard for me and if I could
get a chance like that I would
make my chance good and
try and improve as fast as
I could. If you cannot

get me that chance write and
let me know of some other place
if you can.

Hoping to hear from you
soon I will close. Give my best
respects to all the family.

Yours as Ever
Gurray A Jones
