Pay to the order of Mrs. W. W. W. \$88.80

Ellisville La. Feb 26. 3. 1885

Friend George, your letter

received Sunday. Perhaps I
misjudged you, but after
the talk we had at the factory
and you selling your claim
to Lewis, and keeping it secret
from me until after I got
out here. It looks to me as though
you did not care to treat your
claim for fear I would find
it and get out there.

I hope I have few friends
that have that opinion of me
It is my desire to do legal
as I would have them told
me. If when the time
I can do you a favor I
gladly do it. Should

See fit to trust me
to do the business for you

We feel in hopes that because
so will be as good or better
than it was last year

There has been but few
elegance letters this winter,

They are putting Corbels on
Several of Corbels / Hornsteads,
where they have not complied
with the laws,

Lewis has been here all
winter working for his board,
He is driving the stage
now, I went to Burton for

account of Jan, George came
with me Sam will go back
truly if it is pleasant.

I was out to see Mary
and George several times while
she was here. My cousin well as
my father has not been
out, but is better now.
