

ATTENTION

ALL 4 YEAR TEACHER EDUCATION STUDENTS: BE A PIONEER IN EDUCATION!

DID YOU KNOW ...Research suggests that interns who participate in a Professional Development School are better prepared to enter the teaching profession and are actively sought after for hire by the school district.

AND ...The University of Maine at Presque Isle has partnered with local schools to form a Professional Development School.

AND ... A limited number of student teacher candidates will be hand-selected each year to engage in a year-long internship at one of these schools as an alternative to a more traditional student teaching model. Successful candidates will have demonstrated academic excellence and appropriate dispositions.

FALL Semester: Spend one day per week in a local school while taking classes at UMPI *and* on site (in the school). *Counts as EDU 395 Internship.

SPRING Semester: Student Teach with the same cooperating teacher as a full-functioning member of the faculty.
