

To whom it may concern,

This letter is to certify that [student] has successfully completed the 65-credit hour Nursing Transition Program at the University of Maine at Presque Isle (UMPI) on [date]. By completing the transition program, the student is qualified to transition their matriculation to the University of Maine at Fort Kent (UMFK) to complete the third and fourth years of the Nursing BSN program. The student must meet with their professional academic advisor to complete the transition paperwork before they can transfer to UMFK.

The Nursing program collaboration between UMPI and UMFK began in the Fall 2018 semester with a goal of expanding educational opportunities for students in northern Maine who wish to pursue a career in Nursing. Students may complete the third and fourth years of the program at either campus; upon completion of the BSN program, students graduate with a Bachelor of Science in Nursing from the University of Maine at Fort Kent.

Sincerely,

Alexander Myhre

Registrar, University of Maine at Presque Isle
