Nur 309L Holistic Health Assessment Lab	1
Cos 103 Introduction to Information Technology	4
Psy 100 General Psychology	3
Psy 205 Lifespan Development	3

*Students in the Nursing Transition Program apply and are accepted to the University of Maine-Presque Isle (UMPI) and complete their first two years of coursework at UMPI (the 65 credit hours of coursework reflected above).

Students then transition their matriculation to the University of Maine-Fort Kent (UMFK), though they may remain at the UMPI campus, to complete their junior and senior year nursing coursework which will be delivered by UMFK. Students must see their professional academic advisor at UMPI to complete the Transition Form during their fourth semester of coursework at UMPI.

Upon completion of all required coursework, students will graduate with a Bachelor of Science in Nursing from the University of Maine at Fort Kent.
