

Dear Gentile Hall Members and the extended community,

To prepare Gentile Hall for a safe reopening, the University of Maine at Presque Isle staff has worked to keep the health and safety of our students, employees, and community members as our highest priority.

As part of our safe reopening plans, Gentile Hall will open to UMPI current students, faculty, and staff on Monday, August 10. At this time, access is limited to only these groups and we will not be open to our community members.

This decision has not been made lightly; however, our focus at this time is to safely re-open campus to students for the fall semester. Taking this measured and phased approach will ensure we are doing all we can to keep everyone safe during this pandemic.

We will continue to monitor all information related to the local, regional and state-wide situation, and aim to open to our larger membership as soon as it is safe to do so.

Thank you for your flexibility and patience as we navigate this situation. We look forward to seeing you again in the future.

Stay healthy,

Dick Gardiner
