

**TRiO College Access Services
Educational Talent Search
University of Maine at Presque Isle**

Student Application

Thank you for your interest in Educational Talent Search. ETS is a federally funded program initiated by the United States Department of Education and the United States Congress to help encourage qualified students (grades 6 through 12) access to higher education. Educational Talent Search grants are funded entirely by the US Department of Education. ETS services help students explore college and career opportunities and enter the college of their choice after their senior year. Educational Talent Search students participate in workshops, educational counseling and college field trips as well as other activities that will help them work through the steps necessary to become successful high school and college students.

All ETS services are free.

Please return your completed application to your guidance office, teacher or main office.
