

Young Professionals Institute 2025

Looking for the skills that will bring you long-term success in your career?

Then this professional development opportunity is exactly what you've been looking for.

The **Young Professionals Institute** will take you through several hands-on, business simulation exercises to teach you the skills you need to excel in your workplace and reach your professional goals. These skills—**team work, communication, decision-making, problem-solving and adaptability**—are among the top skills employers today are looking for in prospective employees as well as candidates for advancement.

You will:

- ✓ Hone leadership skills needed in the modern workplace
- ✓ Learn to be proactive and resilient in today's constantly changing business environment
- ✓ Explore emerging workforce trends
- ✓ Build professional relationships through several networking opportunities

University of Maine at Presque Isle | 207.768.9459 | kimberly.a.jones@maine.edu

founded
by

University of Maine at
PRESQUE ISLE
North of Ordinary

Also supported by Katahdin Trust Company, Northern Light A.R. Gould Hospital, County Federal Credit Union, Central Aroostook Association, and Kieffer Real Estate.

The theme for 2025 is **THE ANATOMY OF LEADERSHIP**

Embark on a leadership journey into the science and art of modern leadership! Inspired by the intricacies of the human body, each session will examine a different "system" of leadership--from the brain (strategic thinking) to the heart (emotional intelligence). Along the way, you'll learn about effective communication, building high performing teams, leveraging modern technology, and developing a leadership mindset.

Wednesdays, 4-6 p.m.
Feb. 26-April 16*

University of Maine at Presque Isle
MMG Center

*The finale will take place on Wednesday,
April 16, in the Campus Center, 4-7 p.m.

Participants are expected to attend all sessions.
